

PRODUCT DATASHEET

Bickiepegs Finger Toothbrush & Gum Massager Twin Pack

PURPOSE:

Designed to gently clean baby's first teeth and massage gums. Introduce baby early on to cleaning their first teeth and maintaining good oral hygiene. Double sided, the soft brush gently cleans first teeth whilst the dimpled reverse offers a soothing surface to massage the mouth cavity and gums from the painful effects of teething.

SUITABILITY:

Bickiepegs Finger Toothbrush & Gum Massager is recommended for children from 0 to 18+ months. They can also be used by adults and in special needs.

SAFETY:

For use only by an adult on an infant. Do not leave your children unattended with this toothbrush. Never allow your child to play with or swallow the toothbrush. Keep out of reach of children when not in use. This is not a toy or a pacifier and will damage if chewed. Replace the brush if torn or damaged and after 4 weeks regular use.

INSTRUCTIONS FOR USE:

Wash hands and fit over adult's index finger. If the silicone is too tight you can roll the brush-up from the bottom and gently stretch the brush to help it fit. Once on the index finger moisten the brush with clean water and gently rub the teeth and gums at the front and back of baby's mouth. Use a circular motion when cleaning teeth and gums. Do not use with toothpaste unless advised by a dentist. Wash with warm soapy water after use and sterilise with a cold water system regularly.

TECHNICAL:

This product comes in twin packs i.e. two brushes per retail unit and is BPA, PVC & Phthalate Free. It is made from food-grade silicone making it safe for use in infant and adult oral care.
